

2011 Klassen - The Big Mouth Red

The second release of the Klassen Big Mouth Red follows in the footsteps of the previous vintage, which was highly praised in the San Francisco Chronicle and the Wine Spectator. Using fruit from the same micro-climate, high up in the Sierra Foothills of California, we have crafted a wine that relies solely on the Northern Rhone variety Syrah. The wine exhibits a combination of licorice and violets, on top of a leathery mouth feel.

This vintage is again a perfect partner to roast lamb and savory stews. It is also a perfect complement to hearty cheeses.
